## Pre Application Preparation

Please confirm that you have completed the following:

Our staff members have read Elizabeth Dombrowski's article "Defining Christian Community" and Chantal Huinink's article "Preparing the Way of the Lord". They have watched "Including Isaac".	Yes	No
Our Board has read the Banner article "Extra Costs Bring Extra Blessings" and watched "Including Isaac"	Yes	No
We have included our school community in the conversation about inclusion and belonging by adding information to our school newsletters.	Yes	No
Our School Administrator has used The Christ Centred Educational Services Standards as a tool for self-assessment.	Yes	No

As part of the application process, your school has worked through the Christ-Centered Educational Services Standard and assessed your level of achievement according to the rubrics provided. Choose one area under each of the Categories (Community, Collaboration, and Culture), tell us about the level of achievement at which you have assessed your school, and outline your plans to move these areas forward in the coming school year. We would recommend you rely on the information you collated to lead the discussion with your Board. You may use the area below or attach an additional document of up to two pages.
